Solutions

# Cross-Cultural Solutions Ghana Service Learning Trip

Mackenzie King  
Mentor: Bruce McPherson  
Major: Neuroscience

## My STEP Project

I traveled to Ho, Ghana to volunteer with CCS's child education program. I worked in a first grade classroom at St. George's Anglican Primary School where I provided individual attention to students and helped implement English and Math curricula.

## Why I Chose this Project

I had always wanted to travel to Africa, and am passionate about service. Serving abroad was something I had never done, but wanted to experience. The Cross-Cultural Solutions program offered the perfect mix of volunteering and cultural learning and exploration activities.
